## **EDITORIAL KEYNOTE AND ACKNOWLEDGEMENT**

It is the pleasure of the University Library, Bayero University, Kano, to publish the maiden edition of its journal towards the development of academic excellence.

The editorial board is delighted to see the immense responses received from contributors to this maiden edition which has come from several institutions and cut across various aspects of library practice and areas of academic knowledge. This testifies the significant acceptance of the relevance and qualitative capabilities of the University Library, in particular and the Bayero University, Kano in general.

The major aim of the journal is to stimulate and encourage scholarly research, enhance intellectual analytical thinking and provide a forum for advancing research and further exploration in information management and library practice.

We would like to acknowledge with thanks the immense contributions of all the members of the Editorial Board/Advisors for their financial support, scholarly advice and guidance, for making the publication a reality. Our thanks and commendations go to the reviewers of articles and our University Librarian for their sustained drive and guidance.

Finally, we deeply appreciate the support of contributors/authors of the articles for the patronage and contributions towards achieving academic excellence. It is in place to commend the devotion, commitment and tireless support of the Library Journal and Publication Committee.

Many individuals have provided support and encouragement right from inception/conception stage of the journal to this time. Thank you very much indeed.
